

RE: Axon Fleet 3 installation

From Fragassi, Thomas <tgf@vniles.com>

Date Tue 11/29/2022 2:14 PM

To Zielinski, Robert <rbz@vniles.com>; All Police Department <AllPD@vniles.com>

Just for clarification, when your squad is parked in the garage while you are off duty, the entire passenger side of the vehicle needs to clear from obstructions so remove all equipment or re-locate it to the rear seat behind the driver's seat. The same goes for the rear cargo area. The rifle also needs to be removed. Once your Axon camera is installed in your squad, you can return your equipment back to its place.

Also, your assigned laptop must be in your squad during the camera install.

Thanks for your assistance!

Subject: Re: Axon Fleet 3 installation

All,

As soon as possible please remove your personal gear and rifle from your squads. You can leave your personal gear in the rear driver's side passenger cage area.

Axon needs access to access the entire passenger area (front passenger seat, rear passenger seat and rear passenger side cargo area) for the fleet 3 install.

Thank you for your prompt response.

All,

On November 29, 2022 at 0800hrs Axon will be on site to install our Fleet 3 system within our squads. All 35 patrol squads will have Fleet 3 installed within a week so please understand their maybe some transferring of squads while on duty. Any take home squads will need to be available during this time too.

Thank you,

Robert B. Zielinski #62
